

## Repair services

**The Bower's in house repairers offer their services to the community.**

If you would like your broken toaster, chair (or other furniture) or bike to be repaired (instead of throwing it away) but have no time or skills to do this yourself, our in house experts will be able to help you.

For as little as \$40 per hour we can repair your goods or create something new out of an old item.

The Bower's in house repairers have been repairing electronic appliances, furniture and bikes for 10 years and want to share their expertise with the community.

If you are interested in this new service, send us a picture of the item you would like repaired or bring it to our repair café on Wednesday afternoon between 1pm and 4pm for advice and a quote.

You can contact us on [info@bower.org.au](mailto:info@bower.org.au) or call us at 9568 6280 or drop by on a Wednesday afternoon when we run our Repair Café at the Bower's Reuse and Repair Centre 34/124 Addison Road in Marrickville NSW 2204. [www.bower.org.au](http://www.bower.org.au)
