

INDEPENDENT DIRECTOR NOMINATION FORM

Name of Candidate: Marcelle Psaila

Address: 28 Segenhoe Street

Suburb: Arncliffe **State:** NSW **Postcode:** 2205

Day Phone: W: 9995 6894 **Mobile:** 0423210450

Email address: marcelle.psaila@gmail.com

Member of the Bower since: November 2021

Business/Profession: Public Servant

Present Paid Position: Senior Project Officer

Do you have any of the following skills?

- Business and Financial management experience
- Fundraising management experience
- Board and governance experience
- Reuse and/or waste industry knowledge
- City council and/or community management experience
- Educational experience
- Communications and/or public relations experience
- Not For Profit experience

Please describe how your skills will help you contribute to the Bower as a board (max 100 words)

Please include in your presentation answers to the following questions:

1. Do you have a vision for the Bower's future and how could you personally contribute to implement that vision?
2. Can you commit to being available for one evening every month for regular board meetings for the next 2 years?
3. Do you have any interests that could potentially come into conflict with your board responsibilities?

My vision is for the Bower to continue to strengthen its role as a leader in reuse and repair, preventing useful items going to landfill. I view its operations growing beyond the Inner West and expanding where it makes sense to in other suburbs. With the Summer Hill site being the new headquarters providing education, training and sales. I can contribute by identifying funding opportunities, promoting and advocating for the Bower in the waste/reuse/repair sector. Providing information and advice to Board members on waste and council issues that may impact the Bower's operation, pose a risk or could be an opportunity.

I can commit to a regular Board meeting once a month for the next 2 years.

I am currently employed with the EPA, which may advertise grants that the Bower could apply for. The Bower will not be prevented from applying for EPA grants. I will manage any perceived or actual conflicts by not being an EPA grant assessment panel member, where the Bower applies for a grant.
