

MEMBER DIRECTOR NOMINATION FORM

Name of Candidate: Marina Antoniozzi

Address: 33A Septimus St.

Suburb: Erskineville

State NSW

Postcode 2043

Mobile: 0420 716 796

Email address: marinaantoniozzi@hotmail.com

Member of the Bower since: Nov 2021

Business/Profession: Programs Manager

Present Paid Position: National Programs Manager at Keep Australia Beautiful

Do you have any of the following skills?

- Business and Financial management experience
- Fundraising management experience
- Board and governance experience
- Reuse and/or waste industry knowledge
- City council and/or community management experience
- Educational experience
- Communications and/or public relations experience
- Not For Profit experience

Please describe how your skills will help you contribute to the Bower as a board (max 100 words)

Please include in your presentation answers to the following questions:

1. Do you have a vision for the Bower's future and how could you personally contribute to implement that vision?
My vision for The Bower's near future is to successfully move and settle in Summer Hill and develop a great relationship with the local community while maintaining a strong relationship with the Marrickville community. In a more distant future, I would like to see The Bower open in each state and territory and become the national leading environmental organization promoting circular economy and social justice. I see myself contributing to this vision firstly by joining the Relocation Committee to help integrate with the community in Summer Hill. Then, by moving to the Strategic Committee to help develop a plan for expansion to other states/territories.
2. Can you commit to being available for one evening every month for regular board meetings for the next 2 years?
Yes, I can.
3. Do you have any interests that could potentially come into conflict with your board responsibilities?
No, I don't.

I have been working in the NFP sector for the past 4 years, where I design, co-ordinate, delivery, evaluate, and prepare reports for behaviour change environmental education programs that promote positive litter & waste habits and empower young people and communities on sustainability issues. I have experience in regional and national operations and the development of programs, partnerships and community engagement activities in the delivery of sustainability outcomes.
